PLAN OF ELIGIBILITY PROPOSED BY COUNCIL

Rules Proposed by Student Council Go To Board of Managers for Ratification.

Since the beginning of the year a Student Council committee has been working on a set of eligibility rules to govern student activities at the University. At the last meeting of the Council, Wednesday, October 27, the compilation of eligibility of rule as submitted by the committee, was gone over and put into shape to be ratified by the Board of Managers and ultimately by the faculty. The rules as proposed by the Council follow:

1. No student of the University may be elected to hold more than one major office in any one semester. Major offices are: Editor of the Hatchet, Editor of The Cherry Tree, Business Manager of The Hatchet, Business Manager of The Cherry Tree, President of the Student Council, Captains of representative varsity teams in major sports and managers of varsity teams in major sports. All other offices are held to be minor offices. On a basis of 10 counts for major offices, 8 counts for assistant in major activities, 5 counts for captains and managers of minor activities, 3 counts for second assistants of athletic teams and members of standing committees of the Student Council and 5 counts for chairman of standing committee of the Student Council, no student shall be elected or appointed to offices totaling more than 15 counts in any one semester.

2. All major offices, where possible, shall be held by seniors in the various (Continued on page three.)

OFFICERS ELECTED AT MEETING OF ARCHITECTS

An unusually large number of students turned out to the first meeting of the Architectural Club, which was held Tuesday, October 19. The chief business of the evening was organization. Elections were held. William Harris was elected president for the coming year, Esther Giltrude vice president, Pauline Johnstone, secretary and Leon Chatelain treasurer. A Hatchet reporter and a social committee were appointed. The social committee was instructed to make plans for a dance to be given during the second week of November.

One of the features of the evening was the addresses given by Prof. Brown and Prof. Harris. They both wished the society a very successful year. All future architects are invited to come to the meetings of the society. The date for the next meeting will be posted on the bulletin boards.

LITERARY SOCIETY HOLDS MEETING

The first meeting of the George Washington Literary Society was held Friday, October 29, at 8 p. m., in the chapel room at Lisner Hall, 2023 G Street Northwest. The meeting was formally opened for the transaction of business by F. S. Johnston, president of the society. After the business of the evening had been dispensed with Mrs. Bonnett, acting as official reader, read a number of selections which had been written by members of the society.

Miss Rosemary Arnold, an active member of the society, furnished the entertainment of the evening, by giving a series of delightful peanologues. Mr. John L. Sullivan, jr., sang several popular songs, with Miss Margaret Beck accompanying on the piano. After the entertainment refreshments were served.

PLANS FOOTBALL HOP.

The social committee of the Student Council has plans under way for a football hop to be given by the middle of November. This and a dance in the spring will take the place of the Student Council dances of the past. All effort is being made to make the fall dance a success socially as well as financially.

PYRAMID TO HOLD LUNCHEONS.

The Pyramid Honor Society will hold monthly luncheons at St. Mark's. The first one will be Monday, November 22.

JUNIOR ENGINEERS HOLD ELECTION OF OFFICERS

Crowd at Organization Meeting—New President Will Favor Cooperation of Junior Classes.

A representative crowd was present at the meeting held by the junior class of the Engineering School for the purpose of organization and the election of officers Wednesday, October 27. Following some discussion, students were nominated for the various offices. Votes were taken and a count of the ballot resulted in the election of the following: John G. Ladd, president; C. E. Proudley, vice president; R. D. Campbell, secretary; J. P. Lapish, treasurer; and W. C. Scott, sergeant at arms.

After his election, President Ladd addressed the class. Mr. Ladd said his aims would be to establish a better cooperation between the junior classes of the University and still maintain the individuality of the Engineering Department. Plans are already under way for a conference between the officers of the junior classes of the various departments of the University. It is expected that this meeting will take place as soon as all the junior classes have been organized. The success of the Junior Engineering Class is assured, for never before has there been such interest manifested in the affairs of this department.

A committee on membership was appointed. This committee will secure the names of all the junior engineers registered at the University and will endeavor to have a 100 per cent attendance at the meetings of the class hereafter. The following students were appointed to the committee: Ralph S. Nagle, chairman; John McNab and R. D. Campbell.

COLUMBIAN SENIORS WILL ELECT OFFICERS NOV. 3

Senior Class Holds Meeting But Defers Election to Bring Together Larger Number.

At a meeting of the senior class of Columbian College Tuesday evening, October 19, for the purpose of considering class organization, it was decided to postpone election of officers until November 3 so that a larger gathering of the class might be present.

The meeting was called to order by Mr. Robert Mason Anderson, retiring president of the junior class. Quite a representative number was present, but after considerable discussion it was decided to defer the elections until a canvass of the college could be made to determine how many seniors there are and how they may best be brought together at a meeting.

C. M. Godfrey, Martha Waring and Helen Hosford were appointed a committee to visit the Dean's office to obtain the names of those who expect to graduate with the class of '21 and to devise means for obtaining as large an attendance as possible at the next meeting. Miss Ethel Johnson was appointed secretary pro tem of the class.

Every effort will be made by the committee and the secretary, as well as the other members of the class, to see that a large and representative gathering is present at the meeting to be held November 3.

BIG CROWD TURNS OUT TO BASKETBALL RALLY

Girls' basketball was assured a successful year when 45 breathless and rain-soaked girls scurried into the Women's University Club rooms Wednesday, October 27, at noon for a basketball rally.

Ruth Reeves, in an address, thanked the girls for showing so much cooperative spirit. She mentioned the possibility of every candidate playing on one of the teams that are to be formed at the University.

CONTEST STILL ON

The Hatchet yell contest is still on. Very few students have shown enough interest to submit a yell. There is an opportunity for some one to compose a yell that will be as famous as the siren yell of the Midshipmen. Inspiring yells win as many games as the teams themselves. Those who have ideas on the subject, submit them to the Editor of The Hatchet.

G. W. ELEVEN ENGAGES BETHANY COLLEGE HERE

Buff and Blue Eleven Put Through Hard Practice Before Game With Team That Beat Detroit.

George Washington plays Bethany College, of Bethany, W. Va., at American League Park Saturday afternoon at 3 o'clock.

It will be the last chance to see the team in action on its home field before Thanksgiving Day morning, when Catholic University is played. Next week the team goes to Buckhannon, W. Va., to play West Virginia Wesleyan. The next week New York is visited, where Fordham University is played, and the week following on November 20 the Navy will be engaged at Annapolis, Md.

In preparation for Saturday's game with Bethany, the team has been put through several stiff scrimmages. Despite the win over Villanova the team was put through rudimentary practice again.

Bethany is an unusually strong team. It is a newcomer among the ranks of visiting elevens to the capital. Last week it surprised the football world by defeating Detroit University, which last year defeated Georgetown, Holy Cross and the North Dakota Aggies.

Score of 9 to 6, Detroit was overcome by Bethany Saturday, the team showing strength enough to win out over Detroit's team, which averaged 182 pounds. Bethany is possessed of tall, well-built players who have plenty of scrap. They recently defeated Salem College, of West Virginia, by 84 to 0.

It is a foregone conclusion that the Bethany men will be met by the staunchest sort of resistance from the Buff and Blue players. Eskew, an end; Hume, another flanker; Jones, Barr and Springston are in much better form than they were a week ago against Villanova. The new men who have recently come out are in better physical condition and can be counted upon to go all the way for a victory.

The probable line-up follows:

G. W. U.	Position.	Bethany.
Hume	L. E.	Roark
Sandys	L. T.	Kidder
Mulligan	L. G.	Dunn
P. Loehler	C.	Hughes (C)
Nilsson	R. G.	Latto
Howley (C)	R. T.	Gwinn
J. Loehler	R. E.	Smith
Springston	Q. B.	Stewart
McAlister	L. H.	Elder
Vidmer	R. H.	Kelly
Daily	F. B.	Randolph

Officials—Lieut. J. L. Gammell (Brown), referee; Charles Guyon (Carlisle), umpire; George F. Green (Temple), linesman. Time of game, 3 p. m. Place, American League Park.

PRESENTS CERTIFICATES AT MEETING OF G. W. CLUB

Club's Constitution Makes No Distinction Between Wearers of Major and Minor Letters.

G. W. certificates were presented to the letter men at the last meeting of the G. W. Club Thursday, October 21, in the auditorium at Lisner Hall. The constitution which had been drawn up was brought before the meeting and was unanimously ratified. John Ladd and Ralph Aten were appointed a committee of two to draw up by-laws for the club.

The constitution provides that "any man who has been or shall have been awarded the G. W. shall be eligible for membership." No distinction will be made between the wearers of letters won in major or minor sports. The purpose of the club as stated by the president, Eugene Underwood, is to foster clean athletics, promote all student activities, and to encourage good scholarship among those who represent George Washington in athletics.

The date for the next meeting of the club has not been decided upon, but it will be posted on the bulletin board when the time is set. President Underwood has asked all letter men to communicate with him so that he may send them their G. W. certificates. He requests the name and address of all letter men and the year and the sport in which they won their letter.

PROPOSES DRASTIC PLAN FOR PROPAGATION OF TAX

Arts and Sciences Still Far Below Quota—Tax To Continue Through Month of November.

"The tax campaign will continue through November; the required number of signers must be obtained" is the statement of Harry Newman in reference to the student activity tax. Comparatively few signers have been obtained during the last two weeks, during which time a drive was carried on. Arts and Sciences, far the largest department of the University, is still absurdly low. Spirit in this part of the University seems strangely lacking. In the Law department and in the Medical school the tax has been in every way a success.

Statistics have been compiled by the council committee and they reveal the true state of affairs concerning the tax. They are as follows:

1. Medical College	97%
2. Law School	52%
3. Pharmacy	38%
4. Engineering	38%
5. Columbian College	35%
6. Teacher College	17%
7. Graduate	17%
8. Faculty	3%

Those in charge of the tax are not discouraged; they are determined to make the Department of Arts and Sciences come across with the number of signers that are necessary to insure the success of the year's activities. Buttons have been ordered to give out to each signer of the tax. This will save time by letting the members of the committee know who have signed and who have not. They will also prevent those who have already signed from being approached again. The committee is going to try to get the students individually. Various plans have been suggested by many interested students in the University. The following is an extract from one of the letters sent to Bryan Morse by the president of the junior class at Columbian College:

"Of all the plans suggested, that of a personal appeal to every individual has been found most effective. But I believe you will agree that it is impossible to make an effective personal appeal when the subject is thinking of dinner or of a class in the next minute or so. We get turned away with a disdainful frown or a supercilious smile as though the person whom we addressed had an idea we were trying to peddle a patent washing machine wringer instead of giving him an opportunity to make a profitable investment for himself—a profitable investment, not only on account of the intrinsic value of the tax proposition but because he would be contributing toward placing George Washington University where it properly belongs in the ranks of the nation's institutions and thereby reflect credit upon himself that he had the honor of attending it.

"But I have a plan in regard to the tax which I believe is feasible and which I wish to present for your consideration. You have in your office the list of those who have signed the tax. The treasurer has a list of every one registered in the University, with his address. From these lists, with no considerable effort, the names and addresses of those who have not yet signed can be obtained. Then let the city be charted into districts, with a leader in each district, and let us go as apostles, two and two, and call upon our wayward brethren in their homes. The girls can call on the boys and vice versa. Who, may I ask, could refuse to sign if besought by two of our charming co-eds?"

"ROBERT PULLIAM."

COLUMBIAN WOMEN MEET.

Columbian Women will hold their next meeting on Tuesday, November 2, at the Law School. The speaker will be Miss Helen Wright, who will give a talk on the graphic arts, illustrated by rare prints.

It will be noted that the time of the meetings has been changed to the first Tuesday of every month.

ASSISTANT MANAGER WANTED

Positions are open for two assistant managers of football. Freshmen and sophomores attending the day school and desiring to compete, report to the manager at the Tidal Basin training quarters at the time of practice, 4 p. m. Here is an opportunity for two peppy freshmen to get a running start in the University's biggest sport.

FRESHMAN AND SOPHS PLAN FOR TUG OF WAR

Students of Second Year Class Plan Forestalling Repetition of Defeat of Sophomores Last Year.

Coming events cast their shadows before them. Numerous rumors, as well as communications have reached The Hatchet, from various departments of the University about the plans for the annual tug of war between the freshman and sophomore classes. This event is usually staged immediately following the organization of the freshman and sophomore classes. Groups of second year men are already forming for the purpose of planning an effective means of defeating the big freshman class. This year's "sophs" are striving to forestall a repetition of the overwhelming defeat imposed on the sophomore class of 1919-20.

Many letters have been received at The Hatchet office expressing the sentiment of both classes on the subject of the "class scrap." The following is typical and we have published it verbatim.

"To the Editor of The Hatchet:

"I have noted on our campus again the objectionable presence of that 'frail ephemeral flower' due every fall to darken our doorways with its obnoxious presence.

"But instead of taking upon itself that meek and lowly attitude so befitting to one of its insignificance, behold it spreads itself forth as a 'green bay tree' around this spot of so many revered memories! It is so swollen with bumptious pride in imitation of the Lordly Sophomore that, like the ugly toad, it will soon burst itself in imitation of the stately ox.

"Can such a condition longer be tolerated? How long will the gracious Soph be slow to anger and forgiving of such gross and unprecedented ignorance! Oh, how long, how long, can patience endure?

"Beware, O Frosho, beware! Beware of the Ides of November when you hold your class elections lest we in enraged fury rise up and smite you off the map.

"Classmates, these pusillanimous nonentities must again be relegated into innocuous desuetude whence they came! Let us arise nobly to the task!

"Frosho delenda est! Beware the Ides of November!

"Yours in the cause,

"I. WILL GIVEMHELL,

"Columbian College, '23."

The interest which the first and second year classes are taking in the "tug of war" this year gives evidence that it will be one of the big events of the semester. Everywhere in the University the students are talking up the "class scrap."

MASONS OF UNIVERSITY ENTERTAINED AT SMOKER

Vice President of National League of Masonic Clubs Addresses Masons at G. W. U.

About 100 Masons from the faculty and student body attended the smoker of the University Masonic Club, held at the Law School Saturday night, October 23. Speeches, smokes and the unexpected explosion of a keg of "ole time cider" furnished the evening's entertainment.

The meeting was called to order by President Frey, who introduced the speakers of the evening. Very interesting talks were given by Mr. F. E. Hardy of the student body; Prof. Spaulding, of the faculty; Lieut. Col. E. J. Cassidy, of the War Department, and Mr. L. H. Troutman, vice president of the National League of Masonic Clubs.

Mr. Raymond Harding, upon being designated to open the keg of cider, soon found that he had started something he couldn't finish. The keg was corked innocently enough, but when molested the firey liquid shot into the air like an Oklahoma oil geyser and drenched everyone within range. After several unsuccessful efforts the juice was persuaded to remain where it belonged. It afterwards proved to be as innocuous as the most ardent prohibitionist could wish.

President Frey in an interview with a Hatchet reporter said that he wished to especially emphasize the fact that every Mason in the University is given an individual invitation to affiliate with the club. Meetings are held regularly every third Saturday night at the Law School.

Choose Your Weapon

There was a G. W. cheering section at the Villanova-George Washington game. It was the first time this year that the cheer leaders have had any real support. G. W. spirit is beginning to break through and make itself heard. That cheering section does not exactly rival Navy's, but it has the pep and spirit. George Washington won that game. We don't blame it on the cheers, but we do say that spirit in the grand stand makes fight on the gridiron. Many a shattered team has tightened up and won a game just because the cheers inspired it. Everyone cannot play football, but there are very few who cannot holler. Every student who doesn't fight on the gridiron should yell in the grand stand. Choose your weapon—fight or yell.

Answer the Call

Harvard beat Center Saturday. Do you know the reason as explained by men who know? It is just this: Harvard had over one hundred men on her squad; so many good men that it was a difficulty to separate the varsity from the substitutes. At Harvard the call for men, whether it be for football or for debate, is answered by an overabundance of students. This proves that the big university has the advantage. George Washington is a large university. There are over four thousand students registered in the various courses. We must conclude, then, that the football squad is at least one hundred strong. But is it? No! It is not. Let's make it the size it should be. There are plenty of football players in the University. Make them come out for the team.

Get in the Swim

College life is something more than a succession of classes. We all agree that the classes are the most important thing. But there are other things to be had from college, things that are as surely a part of the education as the course in physics. Of these, perhaps the most important is learning how to deal with human beings. The associations formed at college develop this faculty. Thus it becomes every student's duty to form associations, to get into some activity in order to get the most out of college years. At George Washington University the student finds it hard to get acquainted. This is due primarily to the unique character of the University. But there is a way of overcoming this difficulty. Get into some student activity, become identified with some phase of University life. There is room for every student in the University in some activity. A little sincere interest and work in some activity at George Washington will accomplish wonders. Try it.

Sophs Want Blood

As the time for organization of the freshman and sophomore classes draws near certain wide-awake students begin to talk of the "tug of war." Every activity at the University has been given an impetus this year, and there is no reason why the "tug" between the freshman and sophomore classes cannot be made one of the biggest events of the year. This annual "scrap" between the first and second year classes has been a practice at the University for a good many years and should be continued as part of the school's tradition. The sophomores are more determined this year and are sure to turn out in large numbers. They are after freshman blood. Will enough freshmen turn out to make it interesting? This question has been asked by sophomores. The answer is up to the freshman class.

Stupid Steve Says:-

If you want to get an idea of how many girls wear "roll tops" you are invited to attend the girls' basket ball games.

It seems a great many of the students are taking the Student Tax (tacks) literally, thinking they will get "stuck" if they sign it.

Dear Mr. Stephan:
 How do you get a Maltese cross?

Answer: Step on its tail.

Prof. Clephane (in common law)—In olden times wills to be valid had to be written on parchment. A young man and woman with an old sailor were shipwrecked on a desert island. The young man, dying, wished to leave his property to the young lady. Lacking parchment, he tattooed the will on the young lady's back. The young lady was rescued shortly afterward; she wished to acquire the property, so she appeared in court exposing the will.

CAMPUS COMMENTS.

Annette Kellerman has nothing on John Loehler, when it comes to diving (at the dummy).

One of the Villanova men had on a nose guard. A certain fair co-ed was heard to remark, "Why has that boy got his face blacked?"

Can't figure out whether that cannon on the back campus is to help in the BOOM for tax signers or for The Hatchet staff to blow themselves with.

Classes can meet, activities can proceed as usual, for Phoebe Gates is now brightening the campus with her smiling personality, etc., etc., etc.

On the campus the other day two freshman girls were trying to arrange a bench when one of the said: "Oh! Don't put it in front of the cannon; it might be loaded."

The Beta Alpha Chapter of the Phi Mu Fraternity gave a tea dance at the Sigma Nu house at the conclusion of the George Washington-Villanova game in honor of the football squad. During the intermission Miss Josephine Houston sang "Whispering" and was accompanied at the piano by Miss Evelyn Jones. M. G.

From green and red to golden brown,
And the spice of bush a burnin'
Fills the air for miles aroun'.In the meadows where the heather
Waved a greeting yesterday,
There the golden rod together
With the sumach robe today.On the hillsides, there the pines
In stately splendor nod their heads,
Softly sighing for the dying vines
Of greens and browns and reds.So to you my thoughts are turning,
To my lass with eyes o' blue,
And my heart keeps on a yearnin'
Sighing,
Crying,

SENIORS OF LAW SCHOOL HOLD GLASS ELECTIONS

The full effect of the passage of the nineteenth amendment to the United States Constitution was realized when at the annual election of officers of the senior law class, October 5, men and women were nominated indiscriminately for the same offices, with little or no preference for either sex. After heated discussion and an election that made all others of the year tame, the following officers were elected: Mr. Brooks Hayes, president; Mr. Earnest See, vice president; Miss Marion Holiday, secretary, and Mr. Ben Jenkins, treasurer.

DEBATE SOCIETY MEETS; ELECTION OF OFFICERS

The Columbian Debating Society held its regular meeting Friday, October 15. The greater part of the meeting was devoted to the election of officers. A complete complement of officers was elected; the president was installed in office before the end of the meeting.

The nomination of Cleveland and Mathis gave rise to an onslaught of rapid-fire discussion which was finally brought to a close by the taking of a ballot. A count of the ballot resulted in the election of W. I. Cleveland as president. The other officers elected are announced as follows: Dorothy Johnson, vice president; Dorothy Beall, secretary; Don Reid, treasurer; William Zimmerman, press representative; Harry Perlman, critic; Floyd Mathias, representative to the debating council; and Leslie Jackson, ex officio sergeant at arms.

PERSONAL.

COLUMBIAN DEBATING SOCIETY HOLDS MEETING

Negative Wins on Proposition "Resolved That Ireland Should Have Her Independence."

The Columbian Debating Society started out the season Friday, October 22, with the question, "Should Ireland Have Her Independence." De Brodes and Hunt fought for the affirmative and Harris and Mathias for the negative. The question was hotly contested on both sides, but the negative side was judged to be the stronger of the two. Mathias captured first honors. Second honors went to De Brodes, of the affirmative side.

The society announces there will be meetings held every Friday night in the Alumni Room at the Law School. All students at the University are cordially invited to come to the meetings. Members are assured a line to success in debating while listeners will profit by the words of the orators.

ENTERTAINS ENGINEERS WITH MOVING PICTURES

The educational pictures shown under the auspices of the Engineering Society last Monday evening attracted quite an audience. In all, five reels were shown embracing the subjects "The Story of a Tire" and "Why a Magneto."

The society has arranged to have free movies on educational subjects one night in every month during the whole school year, believing they will be of interest to students in all colleges of the University.

Between reels Mr. W. C. Scott, president of the Engineering Society, made some pertinent remarks concerning the student activity tax, as well as the plans of the society for the coming year. Mr. Buzzard entertained with a selection on the piano.

QUARTET FORMED AT MEETING OF GLEE CLUB

The first meeting of the Glee Club was held in the auditorium of Lisner Hall Thursday, October 22, at 8 p. m. This was the initial step toward carrying out the plan proposed by the interfraternity association to organize a glee club, an orchestra and a band.

Although the meeting was not well attended, President Haynes gathered around him enough singers to get some mean harmony on such ballads as "I Hear You Calling Me" and "Carry Me Back to Old Virginia." President Haynes, Breck, Butler and Clarke formed a quartet.

Those backing the Glee Club believe there is an abundance of musical talent in the University and that in a few weeks a large number of singers can be brought together. Plans are being made for one or two trips for the Glee Club this year.
